Kirkbride's Tattersall's HEAVE POWDERS:

A SAFE SPEEDY AND PERMANENT CURE for Heaves Broken Wind, Chronic Cough, Colds, and all diseases which depend upon inflammation of the mucous membrane in the lungs, throat or head of the Horse, or affect the Soundness of the Animal's Wind.

This remedy which has been used with such remarkable success in England is now offered to Horse owners in the United States as a positive specific for those obstinate and distressing complaints. From the combination of powerful vegetable ingredients in its composition, it is enabled to comp... successfully with disease in the hardy constitution of the Horse, and at the same time, is warranted to be perfectly safe and the ... genial, is eaten greedily by Horses and other cattle, and does not at all inconvenience the animal, or deter him from usual labor. The following are some amongst many proofs we have of its efficacy. It is from one of the best Farriers in New York, and a gentleman whose knowledge in the medical treatment of Horses is very extensive.
New York, Nov 1, 1847

Messrs A. H. Gough & Co
Gentlemen—You will recollect that I bought a package of your Heave Powders some time ago to administer to a valuable horse at livery in my stables, and that I was quite dubious of the wisdom of attempting to cure such a bad case as his was and did not, in fact believe there were any medicines better for his complaint than those I had been in the habit of using during my extensive practice with Horses. But justice to you and your valuable remedy, requires me to say that that single package cured the animal of an aggravated case of Heaves as I ever saw, and his wind is now perfectly good. I believe the cure is a permanent one.
Respectfully, ED. FLOYD, 162 Lawrence-st

Messrs A. H. Gough & Co—Gents. I bought, about six weeks ago, a package of Heave Powders to administer to a favorite horse, who had been troubled with heaves for more than two years. His case was a rare bad one, and so severe as to incapacitate him from half his usual labor, and had resisted all the remedies ordinarily used for this disorder, these had no effect but to slightly diminish the violence of the heaving while taking the medicine, but that package of your remedy has completely eradicated the disease, and now his wind is as good as ever it was. It is a month since he has taken the Powders, and I can warrant him sound.
Respectfully, GEO. W. DAVIS,
Monroe, Middlesex Co., N. J.

GREAT CONDITION MEDICINE.
Besides their specific action upon diseases of the lungs and windpipe, the Tattersall's Heave Powders, from their great alterative and restorative properties, are as effectual in horses as sarsaparilla proves to be in the human race for the removal of impurities of the blood and predisposition to disease. Many a case of founder has been prevented and cured by a few doses of the Heave Powders, when thrown into the food that is given to the heated animal after a hard drive or exposure to inclement weather. They are warranted to cure the worst cough in a few days, and will wholly eradicate a recent cold by the use of 1 or 2 doses. As a condition medicine they are unequalled, especially when a tight hide, staring coat, loss of appetite, etc, denote a derangement of the digestive functions, or a laziness of bowels and worms in the alimentary canal, as described in the following certificate.

Messrs A. H. Gough & Co—That package of your Heave Powders that I bought of you for my horse's cough has entirely cured him, but in a different way than I expected. The first dose of Expectorant Powder that I administered brought away an immense number of worms from him, and I believe they were all the cause of the cough, rough coat, etc, which he exhibited, for that package has entirely cured him, his appetite is good and he is now in prime condition. I cheerfully recommend your Heave Powders for worms as well as heaves. Yours, SAM'L ROBERTS
East Hampstead, L. I. Oct. 26, 1847.

☞CAUTION. As several imitations of this valuable and popular remedy are already being put up under the name of "Heave Cure," "Heave Compound," &c, persons are cautioned to beware of them, and to try no remedy but Kirkbride's Tattersall's Heave Powders.
No Stable should be without this patent preventive. Price—large package of ... to cure ... in ordinary cases, ... per package.
Sold by A. H. Gough & Co., ... Fulton st., New York, ... Boston; and by Druggists generally throughout the United States.

DR. CUMMINGS'S Compound Extract of Sarsaparilla and Dock.

THE articles above named are the principal ingredients of this medicine. With these, others of vegetable origin are combined, designed to render them more active, and consequently more immediately effective.

The Dock, or rather a specie of it, now ranks as a medicinal plant, second to no one of the vegetable kingdom. With the aid of a distinguished chemist, whom the proprietor has consulted in the preparation of the compound, he has succeeded in overcoming the difficulty of preserving the extract of the root for any considerable length of time.

For many years the proprietor has tested in an practice the efficacy of the principal substances of the compound, and is perfectly satisfied that they possess all the properties which have been ascribed to them. Recently he conceived the idea of uniting them, which has resulted in the production of the compound. In this the ingredients are found to act in harmony and to lose none of the qualities which they separately possess.

A larger portion of Sarsaparilla is soluble than has generally been supposed. The extract most to be relied on, and least liable to decomposition, is procured by subjecting the root to the action of the menstruum usually employed in extracting its virtues, for a long time, without heat or any other accelerating agent. None is permitted to be used in the compound, that has not been obtained by this process and that has been less than a year in preparation.

The Compound is recommended for Scrofula, Erysipelas, Ulcerous affections, Eruptions, and Mercurial diseases. Also for the numerous ails dies arising from sedentary employments, occupations of a harassing and fatiguing nature, intense application, exposures to extremes of heat and cold, overtasking the physical powers and other abuses of the constitution; among which are Neuralgia, Piles, Affections of the Liver, Bilious Complaints and Dyspepsia or Indigestion.

In diseases of warm climates, with which the proprietor became familiar in his practice in Havana, some years since, the compound will prove particularly efficacious, both as a remedy and a preventive.

This medicine has been for some time in use in this city, where the proprietor has passed nearly half a century of his professional life. It was extensively prescribed by him while in practice, and it is believed to be in favor with his medical brethren in general, to whom he is known.

RE-PUBLICATION OF
The London Quarterly Review,
The Edinburgh Review,
The North British Review,
The Westminster Review,
AND
Blackwood's Edinburgh Magazine.

The above Periodicals are reprinted in New York immediately on their arrival by the British steamers, in a beautiful clear type, on fine white paper, and are faithful copies of the originals—BLACKWOOD'S MAGAZINE being an exact fac simile of the Edinburgh edition.

They embrace the views of the three great parties in England—Tory Whig and Radical—"Blackwood" and the "London Quarterly" are Tory, the "Edinburgh Review" Whig, and the "Westminster Review" Radical. The "North British Review" is more of a religious character, having been originally edited by Dr Chalmers, and now, since his death, being conducted by his son in law, Dr Hanna, associated with Sir David Brewster. Its literary character is of the very highest order.

EARLY COPIES
A late arrangement with the British publishers of Blackwood's Magazine secures to us early sheets of that work, by which we shall be able to place the entire number in the hands of subscribers before any portion of it can be reprinted in any of the American Journals. For this and other advantages secured to our subscribers, we pay so large a consideration, that we may be compelled to raise the price of the Magazine. Therefore we repeat 'subscribe early while the price is low.'

Whig and Courier.

John S. Sayward,—Editor.

WEDNESDAY, MARCH 29, 1848.

☞ The Saco Union is strongly opposed to the movement in favor of the nomination of Gen Taylor to the Presidency, because laboring under the impression that it is not a Whig movement It cone udes, however, by saying that if Gen Taylor is nominated by the Whig National Convention, although its preferences may be in other directions, it would support him as the instrument through which the Whig party would labor to place the ship of State on the right track—and would hope and labor for his election

We like very well the reasonable conclusion of the Union We like also its close adhesion to the Whig party and its principles. The Union is always right there It never falters in a manly and open support of the Whig party It is not strange then, but perfectly natural that the Union should feel sensitively alive when it fears there are Whigs who are disposed to support candidates or theories which are not of the genuine Whig stamp

It cannot be denied that in too many cases there are Whigs who are so extremely liberal to opponents, and so easy and confiding in their political sentiments, and so easily led into the support of this man and that man, as to prove politically the "friend of their enemies and the curse of their friends

While we differ from the Union in the view it takes of the political character of Gen Taylor we agree with all our heart to the doctrine that it is the duty of the Whigs to support the Whig cause with a constancy and zeal worthy principles of which they are justly proud and in which their hopes rest for the highest good of the country We hail with pleasure the bugle note that it is time for the Whigs to have learned that lesson that if they would prove successful they must act in a manner worthy of success and which experience teaches is the surest method of securing it

They must support their own men and their own measures, honestly, boldly, with fidelity, and with zeal In this way alone can they make the power felt, and secure confidence among themselves and gain the respect of others, or cause their measures to work out their best results upon the community

If Whig principles and Whig measures are what they are declared by the Whigs to be, then it is their duty to bring them the nearest possible to practication, and let the country have the benefit of them, through competent and faithful representatives of these principles and measures, There should be no cool and reluctant support of Whigs—but an open, consistent and energetic movement in their behalf which shall inspire a warm and generous confidence

An important political campaign is soon to be entered upon—perhaps as important as any which has ever preceded it It is of the first importance, as, we believe, for the welfare of the country that the party in power should be thrown into the minority in order that wiser counsels and a better administration of public affairs be introduced, In order to do this every Whig vote will be required and every Whig should feel alive to the importance of this—The desire to effect a change in the administration of the government should override all personal preferences for men

It is no time for the Whigs now to say that they would prefer defeat with their first choice, than success with any other This would be inverting their duty and making personal wishes stand in the way of national welfare This would be a gross violation of the first of political duties. It is too selfish to receive the sanction of the Whig party

The question of a Whig candidate for the Presidency has been referred to the National Convention to assemble at Philadelphia on the seventh of June next We believe that Convention will be so composed as best to understand the real wishes and the true interests of the Whig party, as a great National party, and that it will be disposed to act in good faith—The Saco Union thinks that the Whigs of Maine would prefer several candidates before Gen Taylor This opinion is worth something and should have its weight We have already expressed our opinion from the best light before us, that with General Taylor for the Whig candidate, the Whigs will be sure of the vote of Maine, and that they would prefer his nomination to that of any other Whig because with him they would feel more certain of success than with any other candidate This opinion may be erroneous—it may have little weight with our friend of the Union, because it is from "Down East It has not been hastily formed nor do we care to urge it officiously against his better opinion But as the opinion is honestly entertained we give it utterance, and if it is not worth much, it certainly costs but little

We have not undertaken in this, to do more than offer a few general thoughts suggested by the article in the Union, and by the times which seemed to us appropriate to the present occasion

☞ There probably is no branch of study in which the mechanics and inventors of the United States are more deficient than in that of the History of Machines Large sums are annually expended by mechanics in original experiments ending in the production of some machine already in existence The best work at the present time treating of the history of machines is Ewbank's Hydraulics now in the course of reprint by Messrs Greeley and McElrath of New York This work is worthy of attentive study and should be in every mechanic's library

☞ Father Matthew has written to the Secretary of the Roman Catholic Total Abstinence Society of the city of New York, that he shall visit this country sometime in May He comes to work in the cause of Temperance, and mainly among his own countrymen. He comes not to be feasted, and fetted, and to enjoy hospitality, but to do good in his own way, and among the members of his church.—He and his friends have, unfortunately the passage to America, and he hopes shortly to [illegible] ... his arrival in New York, grand arrangements will be definitely settled.

☞ Among the strange events of the times is the attention which has been bestowed upon Dr Coolidge by a certain few of the "Ladies" of Augusta A correspondent informs us that during his trial a fresh boquet was presented to him every morning at his room by some fair damsel, and on one occasion a beautifully arranged boquet was laid upon his table in his criminal box One Lady in the gallery of the church where the trial was held gave notice of her wish to become possessed of the pen the Doctor had used and it was passed up to her, when she coolly hid it in her bosom Another sought out the Doctor's sleigh that she might sit upon the seat which the dear Doctor had occupied! These are among the incidents noticed and which appear wholly unaccountable and almost past belief.

An Interesting Law Case.

A case came to trial in the Supreme Court in a county in N H at the August term 183- A large Manufacturing Co vs J M, for balance of account, &c

The most able of the then very talented Bar were engaged on both sides That giant of the law Hon J M (Jeremiah Mason,) led for the Co, and the not less talented, Hon J B (J N Bartlett) for the deft

The cause involved some $500 in amount The plf made his case good by the books, &c For the defence a suit for the above sum of 500 dollars was offered—the exact form of the rct I cannot now recall to mind but on the substantion of this rec't the whole defence rested The rect was made by Mr Osborne, a very correct man and the head clerk of the Co, one whose veracity or integrity never was questioned or doubted—but he could not explain it, nor could he assign any reason why this rect was made, but was certain, altho' he acknowledged it as his own writing, that no such sum of money had been received at the time of the date of the rect nor of the deft at any time

To verify the rect, and prove the payment of the money the deft. introduced a witness J Moulton who swore that he being in the employ of deft was in the counting room of the Co saw money, a large file of bills, counted and passed to this same clerk by the Deft, and saw the rec t signed, noticed the manner of signature, and saw the same delivered by O to deft, drove home the deft's team some forty miles got home before deft, but on the same evening and there saw deft overlooking his papers saw this receipt in particular, took it in his hands to examine more closely than he was able to in the counting room the signature and certain dots flourishes, or marks which attracted his attention at the time of its being made, all of which he described particularly and in the most simple and truthful manner He was cross examined in the most trying manner Hon Mr M though assisted by two able juniors took up the examination and for a full hour kept up an incessant stream of questions, not only concerning the cause on trial but of his life for the whole of two years and yet with all his ingenuity and tact, the witness never prevaricated nor hesitated in the least, answered every question readily and to the purpose without embarrassment or loss of temper On this testimony, after very able arguments from these two great advocates and a very lucid charge from his honor Judge Green, the cause was given to the Jury, and the Court adjourned On the coming in of the court, in the morning, the jury rendered their verdict for Deft for about $200 On the trial some questions were reserved and on the giving of the verdict, a new trial was moved by Plf

The cause being transferred to the Court in Banc, some time elapsed ere I heard of the cause again

In about a year and a half after the trial, the evening before the January term of the Court, the witness, M, appeared at the Jail house in Dover, and presenting himself to the Sheriff said "I wish to surrender myself as a prisoner—I have come here for that purpose

The Sheriff said, 'your name is M?'

'Yes,'

'Why do you wish to give yourself up as a prisoner? What is your crime?'

Said he, 'I was arrested by Mr Carter, on account of that cause of G F M Co vs J M, and he bound me over for $300 to appear at the court to-morrow, and he said I might surrender myself to you here!'

'Why, what have you done that you should be here? What about that cause?'

He looked up and stood a minute or two, the Sheriff eyeing him, then casting down his eyes, said—'I took a false oath and I can't live so,'—the tears running down his face in big drops—'I cant bear it.

'Sit down,' said the Sheriff, 'and tell me all about it Who told you to come here?'

'Mr Carter when he took me, said I could come here any time and you would take care of me—I did not know that I had done any wrong till Mr Carter told me.'

Mathews told me it was all right, that he had paid the money but that he could not get it allowed unless I went to Court and told the story just as it was, that the Carter the Clerk meant to cheat him out of it and to impoverish the case if him to look to much of his earnings, money [illegible] ... —I told him I was poor and could not go to Court, I had no money, but he said he would pay all my expense, that my time should go on just as it did then and he would let me have a cow for my family and if we beat them at Court the cow should be mine and so I agreed to go if he would learn me what I must say, so he used to take me into the barn and placing me on a stand tell me how I must tell my story and then he would cross question me, till I got so that I could tell the story as well as he could and answer all his questions and so I went to Court and was sworn and told the story and he got his cause

Well, you got the cow I suppose, said the Sheriff

'No After I had told my story he said my cow was very sick, that he had received a letter, he did not tell me for fear I should be off before I had told my story, and that I had better start right off then and it would be all fixed up when he got home, but when he come home he said the lawyers had carried it up and he could not let me have the cow any longer than till he knew whether he should beat them again or not And he said I had better clear out up to Vermont and if he wanted me again he would let me know My family was removed to Vermont and when I came down last summer to see the folks Mr Carter took me as I told you, and now here I am, I have walked all the way from Concord in Vt, I have no money and no where to go—During this narration the tears were streaming down his face

Well said the Sheriff, you can stay here in the house, I cant lock you up, but to morrow my son shall go with you to Court and when I want you, I will beckon for you and state your case to the Court Accordingly the next morning, the Court being organized and about to commence business the Sheriff addressed the Court and in a plain simple manner stated the case All were so silent during the time occupied by the Sheriff that a pin dropped might have been heard in any part of the House—when he had ended, the Judge asked the Clerk if there was anything against the man? The Clerk replied a cap as had been issued but not returned Mr Carter was called came forward and handed over the writ, Moulton was put to the bar and ordered to listen to the bill found by the Grand Jury The Clerk read the bill, Moulton, with both hands clenched to the bar, leaned forward to catch every word, the Clerk finished reading and paused a moment, Moulton's breast heaved and a deep drawn breath escaped

The Clerk—'Are you guilty of the charge or not guilty?'

'Guilty, said Moulton covering his face with his hands, 'Guilty'

The Court Have you any thing to say why judgment should not be pronounced against you?

Pris 'I should like to say a few words' He was told to go on

Pris then told his story as he had before told it to the Sheriff He said he could take no peace after Mr Carter told him of the wrong he had done, that he had been in hell ever since, that he saw Mathews when he came down and that Mathews told him he was a fool to go back again to Vermont and that he would pay all damages, but he could not go back Now said he' I have come all the way from Vermont on foot to take my punishment I want you to consider my case, I am poor, I have a wife and four children and God knows how they will get along, but be that as it may, I must take my punishment

Chief Justice R—— said, 'We will consider your case We pity you and when we make up our minds you will be called again.'

Mr Mason then rose and said 'I presume your Honors you will now order a new trial in case G T M Co vs John Mathews

C J —'What say you Mr Bartlett?'

Mr B —'I have not a word to say your Honor, I have done with this cause now and forever I never will open my mouth upon it again in this Court

The cause was ordered for trial, but never again went to the Jury Moulton was subsequently sentenced to three years confinement to hard labor in the State prison At the promulgation of the sentence Mr Mason said, 'I seems to me your Honor, the prisoner is so poor and so penitent that a milder—

'I know what you would say,' said the C J, we have considered it, we shall represent this case to the Governor, and if the prisoner behaves as well as I expect, he will not have to stay there longer than if we had sentenced him to one year, and it will be better that he should be pardoned and restored to citizenship than to stay out his full time

No one can tell the change, the look of satisfaction and even pleasure, in Moulton when he left the Court, a sentenced felon, to what it was when he was arraigned at the bar He told me that a terrible load had been taken off him That he was happy That if the town had to take care of his family while he was in prison, he could clear it all up if he lived and had his health, when he got out I recommended him to the Warden's favorable notice, and told his story to the Governor In less than a year he was pardoned, what has become of him since I know not

Mathews became poor and although never to my knowledge punished for the crime he had committed in suborning this poor man, yet he was committed to the same jail in which Moulton was confined, for a debt and was liberated on a bond Of the subsequent fortunes of either I know nothing

The discovery of this fraud was entirely accidental, Mr Hobbs one of the Attorneys for the Co was on a visit to his Father in Effingham, and spoke of the case when his father told him that Moulton had been employed in that neighborhood on the very day he had sworn to the payment of money in the Counting Room of the Co, and referred him to his neighbors who confirmed his father's statement Hence the indictment and subsequent conviction of Moulton

John Chadwick was the Sheriff of Strafford County, at that time and the writer of this article.

The news of the Revolution in France, was carried by express locomotive, from London to Glasgow, 472 miles, in 10 hours the average running being 48 miles an hour.

CHEAT AND GROW RICH!

THIS has been the secret principle of too many of the wholesale dealers in teas up to this time and they have practised the most shameful imposition on the country merchant without any fear of detection But a new era in the Tea Trade has come and the Pekin Tea Company claims the honor of its introduction They were the first to raise the banner of reform on which it has inscribed the simple words—

'Pure Teas at Honest Prices.'

A complete revolution has been the consequence Let consumers of Tea everywhere look at what we have done

1st We were the first to send them Teas that used to be called too good for them before

2d We have driven out of the market a vast amount of trash and introduced a better class of teas than has yet ever been sold Importers of Teas often come to us to get for their own use, and for their friends fine qualities they can find nowhere else

3d We have reduced prices more than 25 per cent, both in Black and Green Teas The wholesale grocers say we are ruining the trade and call us humbugs This we have done already and now see what we are ready to do

1st We will sell Teas by the single chest, half chest, or 14 pound box at the same prices that wholesale grocers pay to the importers when they buy by the hundred packages.

2nd The wholesale grocers allow only 13 or at most 14 pounds tare to the half chest This is a cheat We will allow in most instances, 15 and 16 pounds tare on the same

3d We hereby undertake to sell every kind of tea from six to twelve cents per pound cheaper than the wholesale grocers do

How can we do this asks the country merchant? This is our answer We are content with 7 per cent, profit, instead of 25 and 50 per cent., a la wholesale grocer

We deserve the thanks of the country merchants for saving them hereafter from being cheated Let them come to the warehouses of the Pekin Tea Company and compare samples of tea they get elsewhere and if they buy bad teas then at high prices it is their own fault

An English importer lately boasted to us that he could make more money by sending bad teas to the New York market than on good teas We are resolved to overthrow this fraud, and now call upon agents in every town in the United States to come forward and buy the teas imported by the China Tea Company, and we pledge ourselves that if in six months they do not sell more tea than the oldest and largest dealers in the town we will give them our tea without charge This is plain English and cannot be misunderstood We appeal for testimony to the immense success of our agents in any part of the United States

Agents wanted in every town in the United States for the sale of these teas, by which they can make money, and confer a benefit upon the public, by supplying the pure article

UNIVERSAL CONDITION MEDICINE.

Read the testimony of an eminent Vet'n Farrier.

Boston, January 6th, 1846.

Messrs. Ford & Grant. Gentlemen—At the request of your Agents here, I send you my opinion of your celebrated Dillow's Heave Cure. As an Universal Condition Medicine, as well as a sure cure for the Heaves and all diseases arising from an affection of the bronchial tubes, glands and pulmonary glands and the lungs, and also from its general and alterative properties, I recommend it to be the best medicine extant, in cases of Farcy, Surfeit, Chaf or Founder, Dropsy of the Chest, Fever, Pleurisy, Jaundice, Bots, Inflammation of the Kidneys and Strangles. I regard it to be a vegetable compound which operates upon the animal system in the same manner that Yellow Dock and Sarsaparilla operates upon the human system. I would call the attention of the horse-owning public to the fact that nine tenths of the above Diseases are contracted through neglect during the Moulting Season—time of changing the hair, which takes place during the most inclement seasons in the whole year, at which time, if the horse is exposed and neglected, the pores of the skin are stopped and the circulation of the fluids cease. It leaves it in that condition. Diseased in some form, which causes ... It is at this time that I consider your Valuable Powder indispensable, as it operates upon the pores and Fluids of the Skin, and causes the old hair to fall off in due time, makes way for the new and gives to it a fine and glossy appearance.

STILL FURTHER PROOF

OF THE POWER AND EFFICACY OF

Thompson's Compound Syrup

OF TAR,

IN CONSUMPTION.

Philadelphia, March 1st, 1844.

I hereby certify, that in consequence of repeated and neglected Colds, my lungs became seriously affected, and for a long time I have suffered with violent pain in the breast, obstinate cough and difficult expectoration. The symptoms daily increasing in violence, I had recourse to various remedies with no avail, until I used *Thompson's Compound Syrup of Tar*, which effected a perfect cure before I had taken three bottles. Permanent Cure of Dyspepsia and habitual Costiveness.

To Dr Ralph

DEAR SIR—I have, myself, almost no occasion for your inestimable Pills. I have used them six years, as occasion dictated, and I have reason to suppose they have wrought a thorough and permanent change in respect to the functions of the stomach. From habitual costiveness, and the voiding of nauseous and slimy stools, I am completely relieved. The multifarious symptoms of Dyspepsia, with which I was once too well acquainted, have so entirely passed away, that I hardly know what they were. Any use you can make of this, or a more full development of my case, is at your service.

Except in an obstetric case your book (Family Physician) and Pills have been the only physician to my house for six years.

There are many of my friends around, and more and more, who call for your Pills as a family medicine, and for chronic cases. Yours truly,

Horatio Waldo.

The Great Remedy for Gonorrhœa

GLEET, Stricture, and all analagous complaints, is Dr. DOUGLASS'S ARABIAN PASTE. Dr Douglass is well known, having practiced in the principal cities in the Union, during the last 40 years. His only reason for introducing the Paste in this public manner, is the consciousness that there are thousands of ill treated complaints in this city—thousands of individuals who are going down to premature graves by taking the miserable drugs of quacks.

Dr. D. most solemnly affirms that during his practice of forty years, this Paste has never, in one single instance, failed of effecting a cure in a few days, without any change of diet or hindrance from business. He has had some of the most stubborn cases—cases that have resisted the regular course of treatment adopted by our first physicians, for months and even years but after taking the Paste for a few days, the angry symptoms disappeared, and the patients were discharged, entirely cured.

If the unfortunate instead of drugging themselves with quack nostrums, would purchase only one box of the Arabian Paste, we should not see so many emaciated bodies and sallow countenances as we do at at the present time.

☞ In case this Paste should fail to effect a cure in the shortest possible time, ten times the price paid for it will be given ... [illegible] on returning the empty box.

DISEASES OF THE Throat and Lungs.

COUGHS and Colds, the fruitful parents of Consumption, Bronchitis, Asthma, Pleurisy and many other lung diseases, have too often been neglected until the introduction of the Spanish Complaints to hold sway in the States. A Physician is now called in, who after all his skill fails to give relief, declares the disease incurable, and the Patient in the throat out of this opinion dies But why does he die? Simply because he does not resort to the proper remedy, but trusts the nostrum of a Practitioner rather than the best of evidence of the remedy. On this one is the only true one the efficacy of

DR. VONDERSMITH'S INDIAN COUGH BALM and Lung Balsam,

have been thoroughly established Let those who doubt it, read the following testimonials, which are merely samples of hundreds of the same nature.

CURED,

Of Twenty Year's Standing!

CITY OF NEW YORK July 21st 1847

This to Certify that I Nelson Garrabee, of Jersey City, have been subject to a dry hacking cough and a pain in the side and chest attended with night sweats and general weakness of the system for upward of twenty years, and pronounced INCURABLY CONSUMPTIVE, neither the advice of regular physicians or the many advertised remedies I have taken have been of any permanent benefit and I was yielding hopelessly to the progress of my disease when I was persuaded to try DR. W VONDERSMITH'S INDIAN COUGH BALM AND LUNG BALSAM, by the aid of which, all my symptoms have been removed and I have been wonderfully restored to the blessings of health, and the prospect of a prolonged existence

In gratitude for which, and that others may be brought to the same source, I solemnly testify to the facts in this certificate

INFLAMMATION OF THE LUNGS

New York June 19 1847

Dr VONDERSMITH—I have been subject to a cough, pain in the chest difficulty of breathing, &c, for many years past. About four months ago I took a severe cold which settled on my lungs. I was unable to attend to my business during the day. I had bad spells of that I thought I could not possibly survive unless I could find relief. The expectoration night sweats had reduced my whole body to a skeleton. I expected to die I was in fact so very despondent, that I would be almost afraid to live at the rate of matters would go But I was persuaded to try Dr. VONDERSMITH'S INDIAN COUGH BALM AND LUNG BALSAM I continued when I had used about one bottle, my cough decreased considerably, which gave me great hopes. I continued until the medicine accomplished its functions, and the result has been that I am restored to health, a blessing that I have not enjoyed for years until the present time. I sincerely believe had I not made use of Dr. V's invaluable Medicine, that I would be mouldering in the silent grave. The effect I believe that I am doing nothing but justice by stating the above facts, so that you may show it to all the afflicted who may call upon you to administer to them. I shall be pleased at any time to converse with the afflicted who may call on me.

Your grateful patient and friend

CONSUMPTION

WASHINGTON SQUARE June 10th, 1847

DEAR SIR—I take great pleasure in giving you my certificate, last December I was attacked with a severe cough, pain in my left side, loss of appetite and continual raising of white and yellow mucous. Some days I raised a half pint of mucous, streaked with blood. I have been under the treatment of a dozen physicians, was recommended by Dr. Mitchell of Philadelphia to use a breathing tube. I purchased one, I only made use of it for one week as it was the cause of bringing on hemorrhage of the lungs, which reduced me so much that I was unable to set up, my voice was entirely destroyed it was difficult for anyone to understand me. I saw Dr. Vondersmith's Medicine recommended very strongly by a person whom I had confidence. I sent for half a dozen bottles, I received great benefit from that, which induced me to purchase a dozen bottles. I took according to the directions, and it cured me perfectly sound Yours, &c, OLIVER WILLEY

Married Ladies are almost invariably subject to the painful and injurious disease, the PILES, with consequent inflammation of the Stomach, Bowels and Spine, weakness of the back flow of blood to the head &c — The Electuary is perfectly safe for Pregnant ladies, and the most useful that can possibly be used, as it will safely and speedily relieve all these Symptoms and Diseases WITHOUT PAIN or IRRITATION but will ensure an easy time, a safe delivery, and a sound constitution of the offspring

GREAT SUCCESS OF UPHAM'S

PILE ELECTUARY.

Hallowell, Me , March 11, 1847

Dr UPHAM—My dear Sir—I cannot express to you the sincere and heartfelt thanks for the wonderful cure I have experienced by the use of your truly valuable Pile Electuary I have been a perfect martyr to the Bleeding Piles for 10 years past, so much so that I became reduced to almost a skeleton, with loss of appetite, and general derangement of the digestive organs My eyes also became affected and in fact I was a miserable man. I was obliged to give up my business I had tried all kinds of medicine, had the best advice the Doctors in Boston and this place could afford spent much money—and twice submitted to painful operations I had become perfectly tired of life, and at the suggestion of my friends I was induced to try a box of your medicine The first I found to relieve me slightly, still I persevered, and purchased a second, and I assure you, when I got half through, I found myself getting well, still I kept on, and now I am a well man. My dear Sir, language cannot express the heartfelt thanks that I am once more restored to health, and now I am enabled to support my large family, dependent on me,

You can use this letter as you please.

Dr. Townsend's SARSAPARILLA,

THE MOST EXTRAORDINARY MEDICINE IN THE WORLD.

This extract is put up in quart bottles; it is six times cheaper, pleasanter, and warranted superior to any sold It cures diseases without vomiting, purging, sickening or debilitating the patient

The great beauty and superiority of this Sarsaparilla over all other medicines is, while it eradicates disease it invigorates the body It is one of the very best Fall and Winter medicines ever known It not only purifies the whole system and strengthens the person, but it creates new, pure and rich blood, a power possessed by no other medicine And in this lies the grand secret of its wonderful success It has performed within the past two years, more than 35,000 cures of severe cases of disease, at least 20,000 of these were considered incurable

More than 3000 cases of Chronic Rheumatism,
2000 cases of Dyspepsia,
4000 cases of General Debility and Want of Energy,
7000 cases of the different Female Complaints,
2000 cases of Scrofula,
1500 cases of the Liver Complaint,
2500 cases of Diseases of the Kidneys and Dropsy,
3000 cases of Consumption,

and thousands of cases of diseases of the blood viz — Ulcers, erysipelas, salt rheum, pimples on the face &c &c., together with numerous cases of sick headache, pain in the side and chest spinal affections, &c &c

This, we are aware, must appear incredible, but we have letters from physicians and our agents from all parts of the United States informing us of extraordinary cures R Van Buskirk Esq one of the most respectable druggists in Newark N J , informs us that he can refer to more than 150 cases in that place There are thousands of cases in the City of New York which we will refer to with pleasure and to men of character It is the best medicine for the prevention of disease known It undoubtedly saved the lives of more than

5,000 CHILDREN THE PAST SEASON,

as it removed the cause of disease and prepared them for the summer season It has never been known to injure in the least the most delicate child

RHEUMATISM

This Sarsaparilla is used with the most perfect success in Rheumatic complaints however severe or chronic. The astonishing cures it has performed are indeed wonderful Other remedies sometimes give temporary relief, this entirely eradicates it from the system, even when the limbs and bones are dreadfully swollen

☞ Hear Mr Seth Terry, one of the oldest and most respectable lawyers in Hartford Conn The following is an extract of a letter received from him

Dr. Townsend—I have used one bottle of your Sarsaparilla and I find it is excellent in its effects upon a chronic rheumatic pain to which I am subject, from an injury occasioned several years ago in a public stage Please send me two bottles to the care of Dr Seymour I have conversed with two of our principal physicians and recommended your Sarsaparilla SETH TERRY

CONSUMPTION CURED

Cleanse and Strengthen. Consumption can be cured. Bronchitis, Consumption Liver Complaint, Colds, Catarrh, Coughs Asthma Spitting of Blood, Soreness in the Chest, Hectic Flush, Night Sweats, Difficult or Profuse Expectoration, Pain in the Side, &c , have been and can be cured

Dr Townsend—Dear Sir. Nearly twenty years ago I took a violent cold which settled on my lungs, and affected me severely, indeed, finally it became a constant hacking cough, but not so severe as to prevent me from attending to my business Within the last few years it increased on me gradually At last I became reduced—I breathed with difficulty, and raised with my cough much bad matter and for the last nine months previous to using your Sarsaparilla had regular night sweats indeed, my friends and myself supposed that I would die with the Consumption, but I have the happiness to inform you that, to my surprise after using three bottles of your Sarsaparilla I find my health restored It relieved me gradually, and I am now enjoying much better health than I have before in 20 years I had almost entirely lost my appetite which is also returned You are at liberty to publish this with my name in the papers, if you choose.

My little girl, who is three years old had a very bad cough the whole of last Winter We became very much alarmed on her account While using the medicine I gave her some of it, and it soon entirely relieved her, as well as myself, and she is well now, and hearty, as any child I ever saw. She was also full of little blotches, it took them away, and her skin is smooth and fair now, and I am satisfied she recovered her health from using your excellent medicine

S W CONANT, 413 Bowery

GIRLS, READ THIS.

You who have pale complexions dull eyes, blotches on the face, rough skin and are "out of spirits" use a bottle or two of Dr Townsend's Sarsaparilla It will cleanse your blood remove the freckles and blotches, and give you animation sparkling eyes fine spirits and beautiful complexion—all of which are of immense value to unmarried ladies

GREAT FEMALE MEDICINE

Dr Townsend's Sarsaparilla is a sovereign and speedy cure for incipient Consumption Barrenness, Leucorrhoea or Whites, obstructed or difficult Menstruation, Incontinence of Urine, or involuntary discharge thereof, and for the general prostration of the system—no matter whether the result of inherent cause or causes produced by irregularity, illness or accident.

Nothing can be more surprising than its invigorating effects on the human frame Persons subject to weakness and lassitude from taking it, at once become robust and full of energy under its influence It immediately counteracts the nervelessness of the female frame, which is the great cause of barrenness

It will not be expected of us, in cases of so delicate a nature to exhibit certificates of cures performed but we can assure the afflicted that hundreds of cases have been reported to us Several cases where families have been without children, after using a few bottles of this invaluable medicine have been blessed with a healthy offspring

Dr Townsend: My wife being greatly distressed by weakness and general debility, and suffering continually by pain and a sensation of bearing down, falling of the womb, and with other difficulties, and having known cases where your medicine has effected great cures, and also hearing it recommended for such cases as I have described, I obtained a bottle of your Extract of Sarsaparilla, and followed the directions you gave me In a short period it removed her complaints and restored her to health Being grateful for the benefits she received, I take pleasure in thus acknowledging it and recommending it to the public M D MOORE

Albany, Aug 17, 1847 Cor Grand and Lydius sts

TO MOTHERS AND MARRIED LADIES.

This extract of Sarsaparilla has been expressly prepared in reference to female complaints No female who has reason to suppose she is approaching that critical period, "the turn of life," should neglect to take it, as it is a certain preventative for any of the numerous and horrible diseases to which females are subject at this time of life This period may be delayed for several years by using this medicine Nor is it less valuable to those who are approaching womanhood, as it is calculated to assist nature by quickening the blood and invigorating the system Indeed this medicine is invaluable for all of the delicate diseases to which women are subject It braces the whole system, renews permanently the natural energies—by removing the impurities of the body, not so far stimulating the system as to produce a subsequent relaxation —which is the case of most medicine taken for female weakness and disease

SCROFULA CURED

This Certificate conclusively proves that this Sarsaparilla has perfect control of the most obstinate diseases of the blood. Three persons cured in one house is unprecedented.

THREE CHILDREN

Dr Townsend Dear Sir—I have the pleasure to inform you that three of my children have been cured of the Scrofula by the use of your excellent medicine — They were afflicted very severely with bad sores have taken some four bottles, it took them away, for which I feel myself under deep obligation Yours respectfully,

"From personal acquaintance with Jules Hauel—experienced and fashionable perfumer was prepared to appreciate the numerous testimonials in favor of his different fashionable preparations. A trial of them in my own family I personally, I have more than recommended his preparations —they are, what they profess, scientifically prepared and compounded. I have since my experience, been convinced of the efficacy of the *Eau Lustral Hair-Restorative* Persian Powder *Nymph Soap* and in fact, all the preparations of Mr Hauel

It is with the greatest pleasure that I recommend the above articles to all of my friends and to the public They are, in the full way, most

"To MR. JULES HAUEL

Sir— Though I have not the pleasure of a personal acquaintance with you yet a sense of duty to myself and the public generally, constrains me to offer this solicited testimony in favor of your different fashionable preparations On trial of them in my own family and some of them personally I do pronounce that they are what they profess to be scientifically prepared and compounded I am convinced of the worth or merit of the Eau Lustral Hair Restorative Shaving Cream, Nymph Soap and Rose Tooth Paste I am fully satisfied of their intrinsic worth and heartily recommend them to all for the use for which they are intended Nothing can excel the beautiful lustre imparted to the hair by the use of the Lustral Hair Restorative It invigorates and promotes its growth. The Shaving Cream is admirable and decidedly excellent being a fine and light substance compound—it does not smart or irritate the skin, while the Nymph Soap operates beautifully on the pores of the skin and cleanses it from all impurities The Rose Tooth Paste imparts to the teeth a pearly whiteness and is well calculated to preserve the teeth and gums from decay They are most invaluable.

"I have seen some of my friends who have used the Vegetable Liquid Hair Dye its effect is truly wonderful It dyes the hair in a few minutes and the color in the hair is permanent, and none will detect the artificial colors as natural Yours &c DANIEL J DESMOND
